facebook's psychological experiments and edward snowden's nsa leaks epitomize a world of increasing information awareness in the social media ecosystem with over a billion monthly active users facebook as a nation is overtaking china as the largest country in the world president barack obama in his 2011 state of the union address called america the nation of edison and the wright brothers and of google and facebook u.s. chief information officer steven vanroekel opines that america has become a facebook nation that demands increased transparency and interactivity from the federal government ubiquitous social networks such as facebook google twitter and youtube are creating the technologies infrastructures and big data necessary for total information awareness a controversial surveillance program proposed by darpa after the 9/11 attacks nsa's secret prism program has reinvigorated wikileaks founder julian assange's accusation that facebook is the most appalling spying machine that has ever been invented facebook ceo mark zuckerberg once said we exist at the intersection of technology and social issues this book offers discourse and practical advice on the privacy issue in the age of big data business intelligence in social media e government and e activism as well as personal total information awareness this expanded edition also includes insights from wikipediaian emily temple wood and facebook roi experts dennis yu and alex houg

american conservative political commentator ben shapiro presents his arguments of wrong doings by the obama administration

the occupy movement has emerged in a historical crisis of global capitalism it struggles for the reappropriation of the commodified commons communications are part of the commons of society yet contemporary social media are ridden by an antagonism between private corporate control youtube facebook twitter etc and self managed commons based activist media in this work christian fuchs analyses the contradictory dialectic of social media in the occupy

movement drawing on a political economy framework and interpretation of the results of the occupymedia survey in which more than 400 occupy activists reported on their social media use occupymedia the occupy movement and social media in crisis capitalism shows how activists confront the contradictions of capitalism and communication in the age of crisis and social media the book discusses the contradiction between commercial and alternative social media and argues that the existence of a surveillance industrial complex expressed in the prism system shows the urgent necessity to create social media beyond facebook and google

i m proud of the fact that we re probably the first administration in modern history that hasn t had a major scandal in the white house so president barack obama boldly declared before leaving office and numerous times since but is it true not according to matt margolis bestselling co author of the worst president in history the legacy of barack obama margolis lays out the details of literally dozens of obama administration scandals that have been ignored downplayed or covered up by the mainstream media from fast and furious to the illegal irs targeting of conservative groups to the recent nsa spying outrage margolis makes a powerful case that the obama years represented nearly a decade of lawless and abusive governance while obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics it s critically important that americans understand the truth barack obama brought to washington corrupt chicago machine politics of cronyism and corporate payoffs combined with audacious alinskyite tactics aimed at dividing americans and destroying his opponents obama s legacy will be discussed and debated for decades but in the early months after he left office more scandals have been uncovered most notably an illegal scheme of using the nsa to spy on his political opponents and the frightening decision to block the prosecution of iranian backed terrorists far from being a virtuous new camelot the obama administration abused its power like few others

seven previously unpublished essays exploring the ramifications of nsa whistleblower edward snowden s actions on our lives today these essays point to the need to put in place now while we are still somewhat rational on the subject real standards tests and consequences that will sufficiently reward the right kinds of disclosures about our national intelligence system while deterring the wrong kinds anne richardson los angeles review of books was edward snowden a patriot or a traitor just how far do american privacy rights extend and how far is too far when it comes to government secrecy in the name of security these are just a few of the questions that have dominated american consciousness since edward snowden exposed the breath of the nsa s domestic surveillance program in these seven previously unpublished essays a group of prominent legal and political experts delve in to life after snowden examining the ramifications of the infamous leak from multiple angles washington lawyer and literary agent ronald goldfarb acts as the book s editor and provides an introduction outlining the many debates sparked by the snowden leaks pulitzer prize winning journalist barry siegel analyses the role of the state secrets provision in the judicial system former assistant secretary of state hodding carter explores whether the press is justified in unearthing and publishing classified information ethics expert and dean of the uc berkley school of journalism edward wasserman discusses the uneven relationship between journalists and whistleblowers georgetown law professor david cole addresses the motives and complicated legacy of snowden and other leakers director of the national security archive thomas blanton looks at the impact of the snowden leaks on the classification of government documents dean of the university of florida law school jon mills addresses the constitutional right to privacy and the difficulties of applying it in the digital age readers interested in the legal political and journalistic ramifications of national security leaks including students in these areas will find these essays accessible and discover much to consider in them amanda mastrull library journal

this book analyses egypt's 2011 revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime

from 9 11 to charlie hebdo along with sony pocalypse and darpa's 2 million cyber grand challenge this book examines counterterrorism and cyber security history strategies and technologies from a thought provoking approach that encompasses personal experiences investigative journalism historical and current events ideas from thought leaders and the make believe of hollywood such as 24 homeland and the americans president barack obama also said in his 2015 state of the union address we are making sure our government integrates intelligence to combat cyber threats just as we have done to combat terrorism in this new edition there are seven completely new chapters including three new contributed chapters by healthcare chief information security officer ray balut and jean c stanford def con speaker philip polstra and security engineer and black hat speaker darren manners as well as new commentaries by communications expert andy marken and def con speaker emily peed the book offers practical advice for businesses governments and individuals to better secure the world and protect cyberspace

a collection of essays this book attempts to continue the conversation on theater and performance studies in the context of philippine scholarship in the discussions the trope of entablado is used as a central idiom here the use of entablado is twofold first entablado refers to its literal meaning as a space on which a performance takes place the space of the performance however is not only confined to the walls of an auditorium it may be in a street a foyer of a huge cultural landmark a river or a school auditorium also the space may not necessarily be a location exclusively for an artistic performance it may be a space where people gather for the divine for entertainment for a political protest or for an academic

conversation second entablado is used here as a signpost for both ambivalence and exact possibility borrowing the hispanic origin of the term entablar entablado may be translated into english as to strike to begin or to initiate the ambivalence is in the concept s determinism which also has hispanic origins that seems to be suggestive of a need for a discipline in philippine academia where the starting point is this space of entablado theater and performance page 4 of cover

efforts by governments to influence the public in other countries have existed for some time

though the concept of public diplomacy emerged in the 1960s the advent of ict has given powerful impetus to this particular way of conducting international relations increasingly governments lost their quasi monopoly on the control of information to the benefit of public opinion and non state actors who then does public diplomacy belong to how is the task divided what are the responsibilities of government officials what is the role of non state actors how can one measure the power of the media this publication is designed for diplomats but is also a must have for anyone keen to explore this area in depth
